I am very concerned about the East Side of US 95 Exit for Horse Ave. I would like the area that is within 1000 ft to have a voice in the decision making process as to the final residence of this land.

We will be long time Neighbors and I hope we will be friendly Neighbours!! and the only way this will be is if we have open lines of communication and be honest and forthcoming with each other.

I ONLY believe this will work if we stick with this approach!

1. What are your general perceptions of the proposal to grant a use permit for a resort hotel casino within the town center of the Kyle Gateway Community?

In general I have observed that casinos
in outlying areas prosper, provide jobs for
and recreation, and dining options to the
nearby residents.

2. Please provide specific issues that are of interest to you, either positive or negative, associated with the specific requests to expand the gaming enterprise district, provide a use permit for a non restricted gaming facility at the southeast corner of Oso Blanca Road and the Hualapai Alignment and rezoning of 7.27 acres at the southeast corner of Oso Blanca Road and Hualapai alignment to Traditional Development.

My personal concerns are with traffic flow
in the area. Sufficient planning for smooth
traffic flow into, out of and past the
Casino are important.

① OUR MAIN CONCERN IS THE AREA SURROUNDING THE TWO EXISTING ELEMENTARY SCHOOLS. WITH MANY CHILDREN WALKING TO SCHOOL & PARENTS DRIVING KIDS TO SCHOOL, THERE NEEDS TO BE A VERY GOOD TRAFFIC CONTROL PLAN IMPLEMENTED. ESPECIALLY AT THE NEW HORSE/FHWAY INTERCHANGE. THIS WILL BE A BUSY ROAD. THERE NEEDS TO BE A GOOD WAY FOR KIDS & PARENTS TO GET TO SCHOOL.

② WHAT WILL BE BORDERING THE SCHOOLS? WE WANT SINGLE FAMILY DETACHED RESIDENCES ADJACENT TO THE SCHOOLS. APARTMENTS & CONDOS SHOULD BE BUILT AWAY FROM THE SCHOOLS AS THERE IS A HIGHER PERCENTAGE OF TRANSIENT / SINGLE PEOPLE IN APARTMENTS. TYPICALLY APTMNTS ARE NOT KID FRIENDLY, AT LEAST NOT AS FRIENDLY AS SINGLE FAMILY HOMES.

③ REI WOULD BE A GREAT STORE TO HAVE IN THE AREA.

④ DURANGO & EL CAPITAN ROADS WILL NEED MUCH BETTER TRAFFIC CONTROL.

1. What are your general perceptions of the proposal to grant a use permit for a resort hotel casino within the town center of the Kyle Gateway Community?

Not a great enough demand. There's a place for casinos and that's down town. Residence live out here for a reason + that is to get away from the strip.

2. Don't need a community casino especially when there's going to be a mall of america down the road that will fulfill fulfill those needs. ex. restaurants, movie theaters, retail.

I am opposed to the Exit Ramps Versus
just an overpass over 95 on Horse Dr.
There are schools nearby and a park on Horse Dr. Afraid
speeders will cause fatalities. We own house that

1. What are your general perceptions of the proposal to grant a use permit for a resort hotel casino within the town center of the Kyle Gateway Community?

There is not a significant need for
this type of facility in this extreme Northwest area
as there is not enough airline traffic coming into
the NW airport and would lead to additional traffic congestion
on US 95 as a result

for citizens in the area, & provide meeting rooms
needed for area work.

Why expand? The Santa Fe is just "down the road."
No, I don't work for a casino, never have, never will.

1. What are your general perceptions of the proposal to grant a use permit for a resort hotel casino within the town center of the Kyle Gateway Community?

No! it is to be urban residential.
KEEP it residential - Casinos need to
be in a centralized location away from residential
traffic (and crime!) away from residences

2. Please provide specific issues that are of interest to you, either positive or negative, associated with the specific requests to expand the gaming enterprise district, provide a use permit for a non restricted gaming facility at the southeast corner of Oso Blanca Road and the Hualapai Alignment and rezoning of 7.27 acres at the southeast corner of Oso Blanca Road and Hualapai alignment to Traditional Development.

water? congestion? energy?
environmental impact, impact of fire?

3. Please provide any specific ideas you may have that will enhance a resort hotel and casino in the town center of the Kyle Gateway Community

don't do it - but if with others in
a designated gaming zone area - residents
need quiet, safe, beautiful atmosphere with
state - not a displaced urban environment

1. What are your general perceptions of the proposal to grant a use permit for a resort hotel casino within the town center of the Kyle Gateway Community?

Negative! I hope it doesn't happen. It will bring unnecessary congestion & commercialism to an area that should remain suburban with open space & large lots & stress on natural vistas

1. What are your general perceptions of the proposal to grant a use permit for a resort hotel casino within the town center of the Kyle Gateway Community?

Casinos do not belong in a "bedroom" community.
Santa Fe, Suenavak, & Red Rock are all within
easy driving distance.

2. Please provide specific issues that are of interest to you, either positive or negative, associated with the specific requests to expand the gaming enterprise district, provide a use permit for a non restricted gaming facility at the southeast corner of Oso Blanca Road and the Hualapai Alignment and rezoning of 7.27 acres at the southeast corner of Oso Blanca Road and Hualapai alignment to Traditional Development.

How about setting an example of a "Town Center"
that does not include gambling?

3. Please provide any specific ideas you may have that will enhance a resort hotel and casino in the town center of the Kyle Gateway Community

NO GAMBLING! These places become gathering places
for local children due to the movies, restaurants,
& other facilities. Let's focus on these needs
and let gamblers go to the other "local casinos".

My concern is with the entire project and its impact on the 95 freeway and Kyle Canyon/Mount Charleston area. We have already over developed the valley. It needs to stop! Maybe this is the place to start to make a stand.

There are 26,000+ unsold houses and an unknown number of new projects of all kinds in Clark County. Who do we need to provide homes for?

1. What are your general perceptions of the proposal to grant a use permit for a resort hotel casino within the town center of the Kyle Gateway Community?

I want things to be built within the existing zoning.
Lets keep the density the way it is zoned. Provide ample
parking. More usually is not better. It's just aggravating.
The housing market is tapering off but more building continues.

I do not like the proposed exit from US 95 onto Horse / ~~XXXXXX~~ There is a 7 acre park that the children use all the time. There are also 2 elementary schools in the area that do not need the additional traffic in this area.

Having driven a school bus for 30 years back in Ohio I know first hand how children and traffic DON'T MIX. There has got to be a better way to exit US 95 other than at this point. Perhaps ~~at~~ on your property would be a better, ~~rather~~ place for your exit.

I resent the number of houses being "squeezed" into this area. You are taking the away the beauty of this open space.

1. What are your general perceptions of the proposal to grant a use permit for a resort hotel casino within the town center of the Kyle Gateway Community?

My general perception is that this is an unnecessary project. It is merely another venue for revenue generation that will provide little to no benefit to the community. Santa Fe station is only 7-8 miles from the proposed site. We need to break the mold of a casino every 10 miles & develop more family & cultural sites.

Problems I have with Project

Density of total project

Density especially around schools IN UMLV

elementary school 30 per acre south

Having run a motel I know that the break
point was 60% back in the 70's. It may be
higher now I can't see the hotel supporting
itself. If you think visitors will stay while
visiting relatives it is not as likely as you think.
We just renewed our rows & relatives would not

UMLV density around elementary. I did a study by
going in to each elementary school site address
